Secretary to the Government of His Highness
the Maharaja of Mysore,
Development Departments.

SIR,

I have the honour to submit herewith for the information and orders of Government the entire correspondence with the Comptroller's office relating to the claim to halting allowances at Tiptur to one of my Field Assistants - Mr.T.P. Krishnachar. The nature of the work required by these Assistants necessitates Bangalore to be their Head Quarters. Taking it as such I directed Mr. T. P. Krishnachar to help Mr.B.N. Venkataramaiya, Superintendent, Byrapur Chrome Mines, in looking after the winning and transport of chromite. In the discharge of this duty, Mr.Krishnachar had to stop at Tiptur for practically the whole month of September 1927 I passed the halting allowances for these halts under Note 2 of Article 582 M.S.R. The Comptroller however considers that the halt in excess of 10 days as in the case is not of an unforeseen nature and could have been avoided by ordering Tiptur as the Assistant's Head Quarters temporarily and that Government sanction is necessary to pass the claim in question.

Considering the peculiar nature of the work of this Department which involves inspection of mining blocks, Geological Survey of areas, prospecting work &c. and that too with a limited staff, it is difficult to foresee when a shift has to be effected from place to place. In the interest of all it is necessary that Bangalore should remain the Head Quarters of the Officers of the

Geological

Geological Department. I would request Government to pass orders accordingly and to accord their sanction to the claim in question.

I have the honour to be,
Sir,
Your most obedient servant,

Director,
Mysore Geological Department.

To

N. Rama Rao, Esq., B.A.,B.L.,
Secretary to Government of
His Highness the Maharaja of Mysore,
DEVELOPMENT DEPARTMENTS.

SIR,

Re: your letter No.D.7912/Geol.84-27-2, dated 28-1-28

The primary object in the appointment of the two Field Assistants was to satisfactorily arrange for the inspection of licensed Mineral areas throughout the year (checking of output and export figures, accounts, methods of prospecting etc.,). As such they will have to move about from place to place and Bangalore would therefore be the most convenient Head Quarter. During their stay in Bangalore ~~for some time~~, it was intended that they should also help the Senior Departmental Officers, in the classification of rocks and in the arrangement of the Museum. That was why - Geology Graduates was appointed as Field Assistants.

The posting of Mr.T.P.Krishnachar to assist Mr.B.N.Venkataramiah for some time, while brisk carting etc, was going on at - Bairapur, was only a temporary affair. He aswellas the other - Field Assistant have to move out soon on inspection work of the Licensed areas. It is requested that suitable orders making - Bangalore as Head Quarters of the Field Assistants will be passed and that the Travelling Allowance bills claim will be sanctioned.

I have the honour to be,
S i r,
Your most obedient servant,

P. Sampat Iyengar
